

Local Updates

October 2018

Education Service Center, Region 20, Food and Nutrition Services provide training and technical assistance to local contracting entities in the operation and administration of Food and Nutrition Programs. The following is to keep you updated with happenings in the program.

Hazard Analysis Critical Control Points (HACCP) and Food Safety for SNP

October 18, 2018 9:00 AM - 12:00 PM

An overview on the HACCP food safety system. The underlying goal of a HACCP system is to prevent food safety problems from occurring. A current HACCP policy is required to be implemented by every entity participating in School Nutrition Programs.

Session ID 50619

Implementing Your Wellness Plan November 8, 2018 8:30 AM - 11:30 AM

Every entity that participates in the School Nutrition Program is required to establish a Local School Wellness Policy. Per the Healthy Hunger-Free Kids Act, Local Wellness Policies (LWPs) must include goals within specific areas and plans for their implementation and monitoring. This class will focus on smart goal writing and current requirements. Professional Standards Codes: 3230; 4100

Care of the Student at Risk for Severe Allergic Reactions While at School

November 28, 2018 9:00 AM - 12:00 PM

This workshop will address SB 27 of the 82nd Texas Legislative Session requires that all school staff be trained in the care of students at risk of experience a severe allergic reaction. This workshop will cover how to identify the signs and symptoms of a severe allergic reaction and how to care for this potentially life-threatening condition. Participants will learn how to appropriately administer epinephrine injectors during the session. Discussion will include the role of the school nurse as well as the Food and Nutrition staff in identifying and developing plans for preventative care.
