Staff and students at Stephenville Independent School District
in Texas, USA talk about the benefits of using Impero
Education Pro.

Source:

- Proactive face-to-face Security Awareness training of employees. Training will include best practices, policies, procedures, popular attack methods and trends. Organizations can significantly reduce their risk by educating employees. Some customization can occur to identify items specific to your district such as actions, password policy, etc.

- **NOTE:** Districts may choose to train high school, middle school and elementary in three (3) different sessions. This will require the purchase of three (3) training sessions.

- Programs running in Cottonwood throughout the day.
