

TEKS Spot Instructional Services Zaragoza Web

The TEKS Resource System is a comprehensive curriculum system. When a district signs up with a TEKS Resource System they get so much more than a curriculum roadmap.

Viable. The TEKS Resource System is a guaranteed viable curriculum for the four core content areas.

Aligned. Not only is it aligned to the TEKS, but also horizontally and vertically aligned kinder through 12th grade.

Dynamic. It is a dynamic system that constantly reflects up-to-date information, and guidance from TEA end users.

On-demand. Additionally, the TEKS Resource System provides on-demand research-based content to build curriculum capacity and teachers anytime, anywhere.

Support. EFC 20 provides educational specialists to assist with curriculum implementation through a customizable PD plan.

The TEKS Resource System is the comprehensive curriculum system package that supports your curricular needs.
