

The **STEM** Cooperative

EDUCATION SERVICE CENTER, REGION 20

will provide orientation, in-depth training and consultative support for a campus to enrich the Science, Technology, Engineering and Math culture.

STEM FOUNDATIONS

STEM FOUNDATIONS is intended to provide an initial understanding of STEM education and culture for all education and administrative leaders. In-depth training will cover PBL for Admin, PBL Foundations, and Building a STEM Culture with the intention of moving a campus from implementation to role model.

Cost: \$2,500

Campuses will receive access to PBL Admin 2 day training (2 slots), PBL Foundations for Teachers 3 day training (4 slots), PBL Culture 1 day training (5 slots), Summer Innovation Academy 3 day (2 slots)

STEM IMPLEMENTATION

STEM IMPLEMENTATION is intended to provide a deeper understanding of STEM programs and curriculum. Cadres will be built to provide a true STEM environment where each STEM program can be supported and strengthened through a network of STEM professionals. Teachers will be guided through building and maintaining curricular resources to ensure the strength of their desired program.

Cost: \$2,000

Campuses will receive access to PBL Advanced Design Teachers 2 day (2 slots), PBL Curricular Cohort Planning 6 days (2 slots), Summer Innovation Academy 3 day (2 slots)

STEM TRIBE LEADERS

STEM TRIBE LEADERS is intended to foster growth and build capacity within STEM Leaders. School teams comprised of 4 Teachers and 1 Admin will be supported and directed through a STEM Leadership model designed at empowering every member.

Cost: \$2,000

Campuses will designate STEM Leader to attend STEM Coaching 2 day training + Building/Maintaining STEM Pipeline 2 day training
