RESHAPING THE SCOPE OF EDUCATION

What is your educational goal? Are you just out of high school, looking to earn a two-year college degree—or credits toward a higher degree? Are you returning to your education after a number of years in the workforce or military service? Are you looking for courses, not necessarily for credit, but to gain a skill or pursue a specific artistic or intellectual interest? Are you a professional seeking continuing education units or job specialty certifica-

tion? Are you looking for training to start a totally new career? Because of our commitment to all parts of the community, Alamo Colleges offer a vast range of courses to satisfy all of these educational needs. The following provides a list of degree, certification and other course options currently available. These programs are subject to change. For the most current listing, visit alamo.edu.
